**7.22.040 Inoperable Vehicles.**

- A. Except as provided below, it is unlawful for any Property Owner to park or store, or allow the parking or storage of, an Inoperable vehicle on such property unless it is enclosed within a garage or other building.
- B. Except as provided below, it is unlawful for any Resident or Tenant with control of a property to park or store, or allow the parking or storage of, an Inoperable vehicle on such property unless it is enclosed within a garage or other building.
- C. Except as provided below, it is unlawful for any Vehicle Owner to park or store, or allow the parking or storage of, such vehicle in an Inoperable condition unless it is enclosed within a garage or other building.
- D. The provisions of this Section shall not apply where there is only one Inoperable vehicle on the property and where the vehicle is Inoperable for a period of fifteen consecutive days or less.
- E. The provision of this Section shall not apply to any person, firm or corporation, or their agent, who is conducting a business enterprise concerned with the repair, sale or storage of vehicles in compliance with the existing Zoning Ordinance.
- F. The provisions of this Section shall not apply to those properties annexed into the City by either Ordinance No. A-2367 or Ordinance No. A-2719 that have a zoning designation based on the Johnson County Zoning Regulations.

(History: Ord. PMV-2881 §4, 2010; PMV-2695 §1, 2008; PMV-2401 §1, 2002; PMV-1900 §4, 95)

**7.22.050 Proof of Operability.**

When, after reasonable investigation, the City Officer believes a vehicle meets the definition of an Inoperable vehicle in Section 7.22.030, the vehicle shall be deemed to be an Inoperable vehicle subject to the provisions of Section 7.22.040.

Where a vehicle is (1) parked or stored in a Residential Zoning District so that it is visible from a public or private street, or from adjacent private property with the permission of the adjacent Property Owner; and (2) the license plate of such vehicle is screened from view by an adjacent structure or vegetation, or by a cover, tarp or similar object, then the vehicle shall be deemed to be an Inoperable vehicle subject to the provisions of Section 7.22.040.

In both cases, such a determination may be voided if the Property Owner, Vehicle Owner or Resident demonstrates to the City Officer that the vehicle is operable on a public street and furnishes proof that the vehicle has a license plate and current registration as required for operation of the vehicle on public streets and highways. Such demonstration or proof shall be provided to an authorized Officer of the City within fifteen days from the date when a notice of violation was first given to the Property Owner, Vehicle Owner or Resident. It shall be a violation of this Section to fail to provide such demonstration of operability or proof of registration within the specified time whether or not said vehicle is operable or legally registered.

## Chapter 7.22

For the purposes of this Section, a vehicle shall be considered visible, even if covered, if the shape of the covered object is recognizable as a vehicle. Any covered object not recognizable as a vehicle shall be governed by the storage of useful items provisions of the Municipal Code. (History: Ord. PMV-2881 §5, 2010; PMV-1900 §5, 95)

### **7.22.060 Parking on Unpaved Surfaces.**

- A. No Vehicle Owner, Property Owner, Resident or Tenant shall allow a vehicle to be parked or stored outside of a building on any surface other than a Paved Driveway or a Paved Parking Area.
- B. This Section shall not apply to agricultural equipment parked on property used primarily for agricultural purposes; to Recreational Vehicles, boats or Hauling Trailers parked in compliance with the provisions of this Chapter; or to temporary events where parking on unpaved surfaces has been specifically approved by the City through a special event permit.
- C. This Section shall not apply to those properties that have a zoning designation based on the Johnson County Zoning Regulations.

(History: Ord. PMV-2881 §6, 2010; PMV-1900 §6, 95)

### **7.22.070 Commercial and Other Vehicles in Residential Zoning Districts.**

- A. In Residential Zoning Districts, the following limitations shall apply:
  - 1. Notwithstanding any other provision to the contrary, it shall be unlawful for any owner, agent, operator, or person in charge of any vehicle other than an operable Passenger Car, Passenger Van with rear side windows and rear passenger seats, Pickup Truck not modified as specified in subsection 7.22.030.S, or Motorcycle, to park, store, or keep, or to allow such parking, storing or keeping of such Motor Vehicle, on any public street, avenue, alley, or other public right-of-way and any private street as identified on the City of Overland Park Road Map in any Residential Zoning District unless actively engaged in legitimate loading or unloading activities. This restriction shall not apply where the vehicle is present as a part of lawfully permitted construction actively underway on adjacent property, or to routine deliveries to adjacent property by tradespersons, or the use of Commercial Vehicles in making service calls to adjacent property, provided that such time is actually in the course of business deliveries or servicing. Moving or re-parking such vehicle on either side of such street, avenue, alley or public right-of-way within any Residential Zoning District shall not prevent a violation of this Section. No provisions for any allowance of parking and storing contained elsewhere in this Ordinance or the Municipal Code shall apply to this prohibition.
  - 2. No person shall park or store a Commercial Vehicle for more than a single occurrence during any 30-day period. A single occurrence shall not exceed 24 hours in duration.
  - 3. No Vehicle Owner, Property Owner, Resident or Tenant shall allow a Commercial Vehicle to be parked or stored on said property for more than a

single occurrence during any 30-day period. A single occurrence shall not exceed 24 hours in duration.

4. Provided, however, that, notwithstanding the above prohibitions, flatbed trucks with or without sidewalls, and Pickup Trucks with a bed and sidewalls different from the traditional pickup bed and sidewalls may be eligible to receive a written administrative approval to allow parking and storage in a residential area if an application is received by the City within five days from the date of a written inspection notice from an authorized City Officer and permitted if it is demonstrated to an Officer of the City that:
  - a. The length of the vehicle does not exceed twenty (20) feet;
  - b. The width of the vehicle does not exceed eight (8) feet;
  - c. The height of the vehicle does not exceed seven (7) feet;
  - d. The top of the highest sidewall is not more than three (3) feet above the bed; and
  - e. There is no permanently mounted equipment, such as aerial buckets or platforms, welding equipment, mechanical or hydraulic devices designed to assist in loading and unloading freight;
  - f. Said parking and storage would otherwise comply with all applicable laws, rules and regulations.

Parking or storage of flatbed trucks with or without sidewalls, and Pickup Trucks with a bed and sidewalls different from the traditional pickup bed and sidewalls, without a lawful written administrative approval, is prohibited.

- B. It shall be unlawful for any owner, agent, operator, or person in charge of any Former Military Vehicle to park, store, keep, or to allow such parking, storing or keeping of such Former Military Vehicle, on any public street, avenue, alley, or other public right-of-way and any private street as identified on the City of Overland Park Road Map in any Residential Zoning District unless the vehicle is a component part of a properly licensed parade activity. It shall be unlawful for any property owner, resident, tenant or vehicle owner, agent, operator, or person in charge of any Former Military Vehicle to permit a Former Military Vehicle to be parked, stored or kept on private property in a Residential Zoning District more than once during any thirty day period. The duration of the single occurrence permitted by this Section shall not exceed 24 hours. Each day that a violation of this Section occurs shall be considered a separate violation. The Director may, upon a request submitted in writing, evaluate the original intended use of a particular Former Military Vehicle, the absence or presence of military design, markings, equipment, attachments, modifications, and any other relevant factors, and make a determination in writing that the vehicle is so substantially similar in appearance and function to an ordinary passenger vehicle, and suitable for being parked in a residential area, for the vehicle to be exempt from the provisions of this Section and to be subject to the parking regulations applying to a Passenger Car, Passenger Van, Pickup Truck and Motorcycle rather than a Former Military Vehicle. Any alteration of the vehicle after obtaining such a written determination shall void the determination that the vehicle is exempt from this Section.

## Chapter 7.22

- C. This Section shall not apply to the parking of a Passenger Car, Passenger Van such as a Minivan, Full Size Van or Conversion Van, Pickup Truck or Motorcycle as a lawful accessory use to a lawful residential use; agricultural equipment parked on property used primarily for agricultural purposes; to Recreational Vehicles, boats or Hauling Trailers parked in compliance with the provisions of this Chapter; to vehicles parked in conjunction with a legal, non-residential use other than a home occupation; or to land that is subject to a special use permit for a non-residential use.
- D. This Section shall not apply to those properties that have a zoning designation based on the Johnson County Zoning Regulations.
- E. No Specially Constructed Vehicle shall be parked or stored lawfully under this Section unless the owner has previously obtained a written administrative approval from an authorized City Officer based on a determination by said Officer that such vehicle is substantially similar to other vehicles permitted under this Section and complies with the intent and purpose of these regulations.
- F. All vehicles must be parked or stored on the principal legal residence of the registered owner of the vehicle. If the vehicle in question is not required or permitted to be registered, sufficient documentation of ownership must be presented to and approved by the City upon request.

(History: Ord. PMV-2921 §1, 2011; PMV-2881 §7, 2010; PMV-2833 §1, 2009; PMV-2577 §2, 2008; PMV-1962 §1, 95; PMV-1953 §1, 95; PMV-1900 §7, 95)

### **7.22.080 Recreational Vehicles, Boats and Hauling Trailers.**

- A. Any parking or storage of Recreational Vehicles, boats and Hauling Trailers outside a fully Enclosed Building that is not specifically permitted by this Section is prohibited. Each residence is permitted, subject to the restrictions specified in this Section, to park or store, outside a fully Enclosed Building, a cumulative total of not more than one (1) of the following: a boat, with or without a boat Trailer; or a Folding Camper Trailer; or a Truck Camper; or a Travel Trailer; or a Fifth-wheel Trailer; or a Motorized RV; provided, however, that no such permitted item shall exceed eleven (11) feet in height, eight (8) feet six (6) inches in width and forty (40) feet in length. One Hauling Trailer may be permitted in lieu of those specified items, subject to the restrictions specified in this Section, but only if the length of its bed or box does not exceed twelve (12) feet, as long as it is designed and capable of being towed by a Passenger Car; provided, however, a Hauling Trailer that does not exceed eleven (11) feet in height, eight (8) feet six (6) inches in width and forty (40) feet in length, may be permitted, subject to the restrictions specified in this Section, if, in addition, it is fully screened from view.
- B. Such parking or storage of a boat, with or without a boat Trailer, a Folding Camper Trailer, Truck Camper, Travel Trailer, Fifth-wheel Trailer, a Motorized RV, or Hauling Trailer shall be subject to the following restrictions:
  - 1. No such parking or storage shall occur between the street and the Front Surface of the Residence, or between the street and an imaginary line extended out parallel to the street from the front surface to the side lot line.

Where the residence has different front surfaces on either side, that imaginary line shall be drawn for the front surface of the side adjacent to where the vehicle is parked or stored.

2. On lots where a side lot line is adjacent to a street, no such parking or storage shall occur in the area parallel to the street and equal in width to the distance between the street and the closest point of the residence.
3. Storage or parking areas are not required to be paved; provided, however that any boat, Recreational Vehicle or Hauling Trailer must be parked or stored, or driven to and from said parking or storage area, on a dust-free and rut-free surface, including, without being limited to, any such areas covered with grass, ground cover, water-permeable grass pavers, cement, asphalt or other similar ground cover. Parking, storage or driving on gravel or exposed dirt is prohibited; provided, however, driving on a gravel driveway that has been previously established as a lawful nonconforming use is permitted.
4. With respect to such parking or storage, the following location requirements shall be followed:
  - a. Such parking or storage in the required side yard shall be as far from the side property line as feasible in order to maximize the open area between the property line and the required side yard setback line.
  - b. No storage or parking may take place in the required side yard unless the vehicle does not exceed eight (8) feet in height and is completely screened from view. Parking or storage of lawful vehicles not exceeding eleven (11) feet high and eight (8) feet six (6) inches wide and forty (40) feet long may be located within the building envelope created by the required yards if the vehicle is Substantially Screened from View to a height of eight (8) feet. Lawful vehicles not exceeding eleven (11) feet high and eight (8) feet six (6) inches wide and forty (40) feet long, parked or stored within the rear building envelope are exempt from screening requirements. If, however, the rear yard abuts a public street, the lawful vehicle must be screened as required when located in a required rear yard above.
  - c. Such parking or storage may take place in the required rear yard if the vehicle is at least three (3) feet from the rear property line and is substantially screened to a height of eight (8) feet. Any modification to an existing fence shall be subject to a fence permit and a determination by the Director whether the proposed fence modifications are compatible with the existing fence.
5. Any boat, Recreational Vehicle or Hauling Trailer parked or stored must be operable, not leaking fluids and maintained in a clean, well-kept state that does not detract from the appearance of the surrounding area.
6. Covers are required for the open part of all boats. All covers for any items must be custom fit to the contours of the boat, Recreational Vehicle or

Hauling Trailer. No tarps or other non-custom fit covers, or ready-fit or semi-custom covers may be used. A custom fit cover is designed, manufactured and tailored to closely fit the body style and size group of the specific make, model and year of the item to be covered.

7. All vehicles must be parked or stored on the principal legal residence of the registered owner of the vehicle. If the item is not required or permitted to be registered, sufficient documentation of ownership must be submitted to and approved by the City upon request.
- C. The following are exceptions to the above requirements:
1. A boat, with or without a boat Trailer, Folding Camper Trailer, Truck Camper, Travel Trailer, Fifth-wheel Trailer, or Motorized RV may be parked on a Paved Driveway between the street and a residence on two occurrences during any 30-day period. Each occurrence shall not exceed 48 hours in duration.
  2. The Director may approve the parking or storage of a boat, with or without a boat Trailer and may approve the parking, storage, and, notwithstanding any other provisions to the contrary, the temporary overnight living occupancy of a Folding Camper Trailer, Truck Camper, Travel Trailer, Fifth-wheel Trailer, Hauling Trailer or Motorized RV on a Paved Driveway between the street and a residence for longer than 48 hours if the following requirements are met:
    - a. The vehicle is owned or leased by a visitor to the residence and the owner of the residence has applied to the Director and received a permit to park said vehicle on the driveway.
    - b. The period of time for the vehicle parking or storage is specified and approved as a part of the permit.
    - c. No equipment on the vehicle, such as a generator, that creates noise in violation of Chapter 7.08 shall be operated, nor shall the engine be idled, while the vehicle is parked on the Paved Driveway.
    - d. The vehicle shall not obstruct the sidewalk or street.
    - e. The vehicle meets the condition and cover requirements for vehicles stated previously in this Section.
    - f. The permit may be revoked for any violation of these conditions or any other applicable law, ordinance or regulation.
  3. The Director may approve the parking or storage of a second item, or an alternative location or screening for one item that does not meet the restrictions set out above. Such approval shall be accompanied by a screening plan designed to meet the above restrictions and minimize the impact of the exception on the surrounding properties. Such approval shall be valid only as long as the screening specified in the plan is in place and maintained in good condition.
  4. This Section shall not apply to those properties that have a zoning designation based on the Johnson County Zoning Regulations.

5. This Section shall not apply to the parking of a Passenger Car, Passenger Van such as a Minivan, Full Size Van or Conversion Van, Pickup Truck or Motorcycle, not otherwise included with the definition of a Recreational or Commercial Vehicle, as a lawful accessory use to a lawful residential use.
6. The prohibition of the storage or parking of a boat, with or without a boat Trailer, Folding Camper Trailer, Truck Camper, Travel Trailer, Fifth-wheel Trailer, Motorized RV or Hauling Trailer shall not apply under the following circumstances:
  - a. The otherwise prohibited item was in lawful ownership of a Resident of the City prior to August 13, 2007; and
  - b. The otherwise prohibited item was lawfully stored or parked at that owner's residence within the City prior to August 13, 2007; and
  - c. That item, after August 13, 2007, is parked and stored in as full compliance with the requirements of this Section as feasible, as determined by the Director; and
  - d. The item was registered as a non-conforming item with the City in compliance with the City's registration requirements prior to April 1, 2008. The Director is authorized to adopt regulations to implement these requirements; and
  - e. The limitation on the number of vehicles shall not apply to lots of three (3) acres or more where the items are parked or stored in compliance with the other regulations of this Section and the Director has issued a permit approving the plan for parking or storage on that location.

These exceptions to the prohibition specified in subsections a-d above shall terminate upon death or relocation of the current owner and shall not pass with any transfer of title or by will or other succession. For only so long as the original registered owner is alive and has their principal legal residence at the original registration residence, that owner may repair or replace the otherwise prohibited item with a similar or like item. The determination of whether a replacement item meets these requirements shall be in the sole discretion of the Director.

- D. The provisions of this Section shall not apply to any property that was annexed into the City pursuant to Ordinance No. A-2719, unless and until such property is rezoned. (History: Ord. PMV-2881 §8, 2010; PMV-2736 §1, 2008; PMV-2577 §3, 2008; ROCR-2245 §10, 2001; PMV-1965 §1, 96; PMV-1900 §8, 95)

**7.22.085 Time Restriction on Outside Automobile Repairs.**

- B. The following activities shall be exempt from this time restriction:

## Chapter 7.22
